## **Stevens County Disclaimer**

For all maps of Stevens County, the information and data is approximate and is intended only to provide an indication of the presence of said information or data. Additional information and data that has not been mapped may be present.

### **1. Use of GIS Data or Maps**

The County makes no warranty, expressed or implied, concerning the data's content, accuracy, currency or completeness, or concerning the results to be obtained from queries or use of the data or map. ALL DATA OR MAPS ARE EXPRESSLY PROVIDED "AS IS" AND "WITH ALL FAULTS". The County makes no warranty of fitness for a particular purpose, and no representation as to the quality of any data or map. Users of data or map are responsible for ensuring the accuracy, currency and other qualities of all products (including maps, reports, displays and analysis) produced from or in connection with Stevens County's data or maps. If a user informs others that a product is based upon Stevens County's data or maps, the County specifically requests and directs that the user also disclose the limitations contained in this paragraph and in paragraph 4.

You should not act (or refrain from acting) based upon information in the disk(s) or map product(s) without independently verifying the information and, as necessary, obtaining professional advice regarding your particular facts and circumstances.

### **2. Data Interpretation**

Stevens County data and maps are developed and maintained solely for County business functions, and use or interpretation of data or maps by a user or others is solely their responsibility. The County does not provide data interpretation services.

### **3. Spatial Accuracy**

Map data can be plotted or represented at various scales other than the original source of the data. The user is responsible for adhering to industry standard mapping practices which specify that data utilized in a map or analysis, separately or in combination with other data or maps, will be produced at the largest scale common to all data sets.

**4. No County Liability**

Stevens County shall not be liable to the user for damages of any kind, including lost profits, lost savings or any other incidental or consequential damages relating to the providing of the data or the use of it. The User shall have no remedy at law or equity against the County in case the data or map provided is inaccurate, incomplete or otherwise defective in any way.

## GIS Dataset Request Form

The following is a list of the GIS layers that will be available to other agencies and private parties upon request. These layers are used by Stevens County on a regular basis and are maintained and edited by Stevens County staff. These layers are limited to the Stevens County outline and in most cases do not extend past its boundaries.

Digital data is available on CDROM in ESRI shape file, or ArcGis10.1 File Geodatabase formats. Metadata is limited & may not be available for all datasets. The projection for all the datasets is UTM NAD83 Zone 11 Meters.
